IT’S A FACT:
Once you are in a collision, the odds increase significantly that you can get hurt in a subsequent collision if you don’t move your vehicle out of traffic.

Watch For Emergency Vehicles Stopped On The Road And Shoulders

REDUCE SPEED, MOVE OVER AND PASS WITH CAUTION

IT’S THE LAW!
When approaching a stopped police, fire, ambulance, tow, maintenance, or service vehicle with emergency or amber lights flashing, motorists are required to slow down and pass with caution. If it can be done safely, you should move to the farthest lane away from the emergency vehicles.
